

In time, learned philosophers or scientists might be able to count all the atoms of the earth, the particles of snow, or perhaps even the shining molecules radiating from the sun, the stars and other luminaries. But among these learned men, who could possibly count the unlimited transcendental qualities possessed by You, the Supreme Personality of Godhead, who have descended onto the surface of the earth for the benefit of all living entities? - *Srimad Bhagavatam: 10.14.7*
